

SILVER DREAM

Re: Nick Wagner

To Whom It May Concern:

Nick Wagner was employed as Chef on the 43m Cayman Islands registered Motor Yacht "Silver Dream" (O/N 734579) from 17th April until 23rd September 2013. Nick then went on to work on the owner's second yacht, the 60m CMN "Slipstream" to cover for the head chef who was taking leave at the time.

Silver Dream is a very busy charter yacht (completing eleven charters this season) with a good reputation and Nick worked efficiently providing first class cuisine for guests and crew throughout the season. His healthy and varied approach to crew food was highly appreciated on board and he was able to adapt to the various needs of our charter guests.

Nick's enthusiasm and passion for his work is clearly visible and his modern approach to molecular cuisine impressed all of our charter guests, many of whom are planning to charter with us again next season because of this.

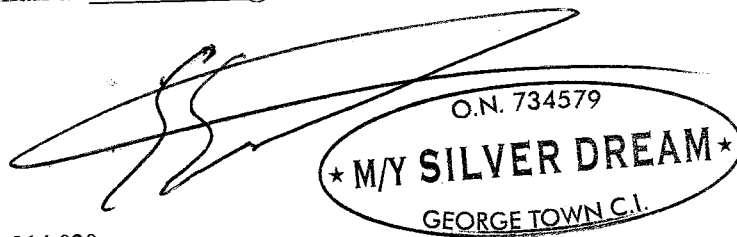

As a lively and outgoing person, Nick was well liked by all of the crew, quickly becoming a valued member of our team. He interacted well with the guests and was able to exceed their expectations.

I would highly recommend Nick for a position as Chef on any yacht and sincerely hope he will be returning to Silver Dream for the 2014 summer season.

I can be contacted via e-mail at tridentlobos@hotmail.com or any of the numbers below.

Yours sincerely,

Capt Steve Smith
